WHO WE ARE

Sheer was founded in 2009, delivering full outsource logistics solutions to large manufacturing and consumer products companies. Over the past decade, the company has evolved into a full service logistics provider offering TMS & integrated technology solutions, managed logistics services, and transactional brokerage.

Our company brings together “best in class” middleware technology, TMS, BI tools, and logistics expertise to deliver solutions for even the most complex supply chains. As a logistics partner, we deliver measurable outcomes and establish a focus around continuous improvement.

Sheer’s diverse customer base stretches from Fortune 500 organizations to entrepreneurial startup organizations. Our engagements vary from transactional freight brokerage to full logistics outsource.

We can commit that we will always deliver “passion” to your supply chain operations with a clear focus on data driven decision making.

WHAT WE DO

TMS Integrations

Every supply chain is unique. We provide custom tailored TMS integrations for even the most complex supply chains.

Freight Management

We'll provide technology, business intelligence, and resources while managing all of your carrier relationships. You'll sit back and focus on the rest of your business.

Logistics Consulting

Looking for guidance but not sure where to begin? Our supply chain experts have tackled even the toughest logistics challenges.

Freight Brokerage

Our Capacity solutions connect you with the world's most reliable carriers, protecting your freight, timeline, and bottom line.

LET'S BE CLEAR

Our truth leads to extraordinary results. Information is power and we give it to our clients, because that's what they deserve. We're playing a long game, practicing honesty and mutual respect to help our clients thrive. At Sheer, we deliver facts – numbers, reports, real data – and we form relationships based on trust. Because that's the only way business works every day, long term, for everyone involved.

Our state-of-the-art TMS solutions offer real-time visibility into your transportation network. Pair that with our analytical support and logistics expertise and you have an invaluable resource for enhancing your supply chain performance. There is zero conflict of interest between your goals and ours.

We want a long-term relationship and a partner, and Sheer understands **the importance of strategy and trustworthiness.**
